Getting started with your printing account

There are two payment methods for copying and printing at Lund University, you can use either or both options:

Option 1: Connect a VISA/Mastercard to your printing account

- Log in at papercut.print.lu.se with your Student account login
- Select Visa / Mastercard
- Enter your card details
- Click Save card information for later use
- Authenticate with BankID, bank card reader or password (depends on your bank)

The VISA/Mastercard you have registered most recently is the one that is valid.

When you register your card 1 SEK is withdrawn from your bank account. It will be used when you copy/print your first two pages.

Option 2: Buy and register a top-up prepaid card

There are two types of prepaid cards:

- 95 SEK printing value (cost 100 SEK)
- 10 SEK printing value (cost 20 SEK)

Register your top-up prepaid card

- Go to http://print.lu.se/topup
- Click on the blue box: Click here
- Log in with your Student account
- Select Redeem Card
- Type the code on your top-up card exactly as it is written on the card (including hyphen)
- Click Redeem Card
- You will now get a pop-up message stating that the amount on your topup card has been transferred to your printing account
- You can start printing and copying now

Top-up prepaid cards can be bought at:

- Faculty of Law Library
- Geolibrary
- HT Libraries (SOL Library & LUX Library)
- LTH Study Centre
- Social Sciences Faculty Library
- The information desk at the University Library
- Campus Helsingborg: Library and information desk
